Retired officials of the Administration of Public Works and of other Administrations, who are inscribed in the special list kept by the Department of Public Works, Allied Military Government, shall be paid for tests carried out by them on behalf of the said Department, a compensation for each commission being calculated in units which, as a rule, shall not exceed eight units according to the schedule set forth in Article II hereof. The number of units to be paid in each case shall be determined after hearing the Head of the Office which ordered the test, taking into account the deskwork necessary for the compilation of reports on the findings and of the testing certificates, for audits and other accessory work.

Where the tests require excessive deskwork owing to the amount of accounts to be checked or to the complexity and number of reservations or to any other reasons, the tester may, by way of exception and after hearing the „Ispettore Generale“ of the „Genio Civile“, be accorded a higher number of units of compensation.

Where the aforesaid officials in carrying out a commission are required to leave the area of the Commune in which they normally reside, they shall be paid, in addition to the daily fees and the travelling and sojourn indemnities due to officials in active service enjoying the grade to which they belonged at the time of retirement, one unit of compensation as set forth in Article II hereof for each day or fraction thereof spent outside their place of habitual residence and strictly necessary for the carrying out of the commission.

The total amount of compensation to be accorded monthly to each tester may not exceed sixty units.

NOW, THEREFORE, I, RIDGELY GAITHER, Brigadier General, U. S. Army, Director General, Civil Affairs,

O R D E R :

ARTICLE I

The turnover tax on trading transactions concerning poultry eggs, poultry, rabbits and game shall be paid once only at the time of the transfer for consumption (immissione in consumo) of the said commodities at the rates and in conformity with the rules established in the following Articles.

„Transfer to consumption“ shall be construed to mean :

- a) the purchase of the said commodities by retailers or pedlars, including firm or factory canteens and the like ;
- b) the purchase of the said commodities by any person who, being engaged in the carrying on of a commercial or industrial activity (hotels, restaurants, cafès, pastry-shops, boarding-schools, firm or factory canteens and the like), directly consumes them for his own trade or industry ;
- c) the purchase of the said commodities by industrialists who provide for the processing of such commodities ;
- d) the purchase of the aforesaid commodities from wholesalers or commission-agents by private consumers.

ARTICLE II

Section 1. — On the commercial transactions set forth in Article I hereof the turnover tax, including the extraordinary additional turnover tax established by Order No. 108 dated 27 December 1947, shall be payable at the rate of 4% in respect of eggs and at the rate of 6% in respect of poultry, rabbits and game. The tax shall be paid by the seller on the basis of the invoice, note, account or other equivalent document to be delivered to the purchaser in duplicate as provided for by Article 15 of R.D.L. 3 June 1943, No. 452.

Section 2. — The turnover tax, including the extraordinary additional turnover tax, payable by means of revenue stamps or, in substitution thereof, through the Postal Current Accounts service shall be applied in accordance with the following rules, under the observance of the provision set forth in the Regulations approved by R. Section 3. — If the purchase, however, is made from producers, the tax shall be paid by the purchaser on the basis of an appropriate register into which all quantities of commodities purchased (separately for each category) shall be daily entered together with the seller's name and the purchase price. Not later than Monday of every week the party concerned shall
